Executive Summary

Enthusiastic and detail-oriented Software Developer with hands-on experience in modern web development. Proficient in React.js, Next.js, Redux, TypeScript, Node.js, Express.js, and MongoDB, with practical knowledge of Firebase authentication and API integration. Skilled in building responsive, user-friendly applications and collaborating effectively with teams using GitHub for version control. Strong problem-solving abilities with a passion for delivering high-quality, scalable solutions.

Experience

KPRIET College

Jan 2026 – Present

Associate Tech Lead

Coimbatore, Tamilnadu

- Developed a scalable Campus Automation ERP using Django REST Framework, Vue, and MySQL, delivering core features that improved institutional workflows and productivity.
- Optimized application performance using Django ORM, Redis caching, and N+1 query resolution, reducing database bottlenecks and improving API response times.
- Built customized academic reporting modules with Python ReportLab and developed filtering and interactive frontend components to streamline course assignments and faculty mapping.
- Implemented role-based access control and comprehensive error handling across REST API endpoints, improving system security and reliability.

Looperex Technologies Pvt. Ltd

July 2025 – August 2025

Software Developer Intern

Tiruchirappalli, Tamilnadu

- Focused on modern web development using React.js, Next.js, Redux, RTK Query, and TypeScript
- Implemented Firebase authentication to enhance application security
- Collaborated effectively with team members and managed code versions using GitHub.

Technical Skills

Programming Languages: JavaScript, Python, C, HTML5, Tailwind CSS

Frontend: React.js, Next.js, Vue, Redux, RTK Query

Backend: Node.js, Express.js, Django REST Framework

Databases: MongoDB, MySQL, Redis

Tools & Platforms: Git, GitHub, Linux, VS Code, Postman, Firebase, Zoho Catalyst, Figma, Canva

Education

MOOKAMBIGAI COLLEGE OF ENGINEERING.

Nov 2021 – May 2025

B.E in Electronics and Communication Engineering

Keeranur, Tamilnadu

Projects

Bulk Mail Application | MERN Stack, Tailwind CSS, Axios

June 2025

- Developed a Bulk Mail Application using React, Node.js, Express.js, MongoDB, and Tailwind CSS.
- Implemented Axios for API calls and designed a responsive UI to enable efficient bulk email delivery.
- Project URL: <https://bulk-mail-application.vercel.app/>

IoT Ration Supply Chain System | Final Year Project

March 2025 – May 2025

- Secured the ration supply chain using IoT-enabled real-time tracking and monitoring to accurate tracking of goods.
- Integrated real-time tracking and FIFO management protocols to efficiently manage inventory and distribution.
- Project URL: <https://pds-supply-chain.vercel.app/>

Achievements & Patents

Collegiate Achievements & Patents

2023 – 2026

ECE Department

Mookambigai College of Engineering

- Co-inventor of a published Indian Patent (IN202641046028 A1) for a "Secure public distribution system supply chain with real time leakage tracking management system using IoT techniques" (Apr 2026).
- Earned the Best Technical Student Award (2025).
- Awarded the Best Final Year Project Award (Jun 2025).
- Secured 1st Place in Intra-College Project Expos four times.
- Won 1st Place three times in Inter-College Project Expos.
